About FAUG

- Kinship through interest in Cloud Computing and Microsoft Azure

- Founded in 2013 and now sporting over 1200 members

- FAUG organizes over 10 events yearly
  - 4 'regular' meetups in Helsinki (each quarter roughly, 1 full day event)
  - Meetups elsewhere as possible (Turku, Tampere, Jyväskylä in the past)
  - IglooConf in January (http://iglooconf.fi)
  - Global Bootcamps, especially Global Azure Bootcamp in April

- Have even the smallest interest to speak or host an event? Speak to us or any speaker, happy to have newcomers

What's cooking?

- We have a new logo
- We've opened our planning sessions
  - Check out Meetup's message board
  - Join #faug on bit.ly/msgurut Slack
- We're in the process of creating sponsorships offering
  - Host, conference and partner sponsor tiers
  - With sponsorships we could start to e.g. capture all of our regular meetups as videos and put them on Youtube
- We're also creating 'event-in-a-box'-documentation and support to make the creation of your own FAUG event as easy as possible
